

## Structureflex Anti-Vandal Brackets

These devices act as both a visual and physical deterrent helping to prevent damage or injury resulting from the misuse of shade structures.

Available for both square and circular section poles, all brackets have a durable hot dipped galvanized coating. Anti-Vandal brackets are available on new Structureflex poles or they can be retro-fitted to existing structures if needed. Anti-Vandal brackets can also be powder coated in a number of colours if required.

### Specifications:

- Galvanized
